HireGenics

ABOUT OUR SERVICES AND SOLUTIONS

Contingent Staffing

We recruit, screen, and place exceptional talent in temporary roles across all skill categories

Contingent-to-Hire Staffing

Allows clients to observe our contingent employees in the actual work environment prior to extending an offer of employment

Direct Hire / Perm Placement

Dedicated professional team that focuses on best-in-class recruitment to meet our clients' demands for top-quality professional expertise

Direct Sourcing

We leverage client's brand to design and implement a talent community where client can connect directly with talent and achieve total talent goals

Recruitment Process Outsourcing (RPO)

Leverages client's brand to act as an extension of their HR's FTE talent acquisition process

Master Vendor Program (MVP)

Single source for all contingent staffing needs with centralized account management, consolidated reporting, trend analysis and consultation

Onsite Delivery Solution

Onsite individual/team and dedicated recruiting resource for client locations with headcounts greater than 50

MSP 4.0

Total Talent Management (TTM) that engages SMEs to transform contingent workforce programs from a transactional service to a strategic solution

Statement of Work (SOW)

Offers engineering support through the entire product lifecycle, including design, test, quality assurance, technical training, technical writing, and more

Payrolling / IC Compliance

Provides the tools, insights, and expertise our client's need to improve talent quality, reduce risk, and control costs across their entire contingent program
